

Meylis Ovezov

Full Stack Developer

I'm a Full Stack Developer with 5 years of experience, specializing in the MERN stack (MongoDB, Express.js, React.js, Node.js) along with proficiency in Next.js, Fastify.js, and a strong understanding of Object-Oriented Programming (OOP). My skills extend to Git, JWT authentication, Docker, DevOps practices, and both GraphQL and REST API design and implementation. I am committed to delivering high-quality, scalable web and mobile solutions.
